

Clean Sport Commitment

Everyone has a duty to protect clean sport and Milton Keynes Junior Ice Hockey Club (MKJIHC) recognises our role in developing, nurturing and reinforcing a culture of clean sport.

MKJIHC agrees with the England Ice Hockey and UK Anti-Doping (UKAD) position that adopting clean sport policies is fundamental to maintaining the integrity of the sport and protecting our athletes.

To protect the reputation of MKJIHC and paddling, we commit to support clean sport in the following ways:

- MKJIHC is committed to encouraging fair play, ethical decision making and healthy behaviour in all athlete/participant members
- All athlete/participant members will conduct themselves in line with the spirit of sport and the anti-doping rules
- Volunteers and any associated staff will not condone, assist or in any way support doping behaviour
- All members must abide by all MKJIHC policies and procedures and any breaches of these will be acted upon accordingly
- MKJIHC recognises the importance of establishing a culture of 'speaking out' and encourages club members to do so either to a member of our club, England Ice Hockey, or through the [Protect Your Sport](#) reporting options.
- MKJIHC will uphold any sanctions placed upon an athlete or athlete support personnel by UKAD or other associated body in accordance with the World Anti-Doping Code
- MKJIHC will pass on any further anti-doping information that is received from England Ice Hockey or UKAD that is relevant to our members
- All athletes can gain access to free online training from [UKAD eLearning courses](#) to enhance their anti-doping knowledge and their ability to protect the integrity of MKJIHC and clean sport.

Further details about England Ice Hockey's anti-doping programme in the UK can be found on the England Ice Hockey website and more general information can be found on UKAD's website here [www.ukad.org.uk].
